

A complex network diagram with nodes of varying sizes (small, medium, large) and colors (light gray, dark gray, black) connected by thin lines. The diagram is set against a white background with a large, diagonal, light gray gradient shape that partially obscures the network. The text is overlaid on the white area.

IntelleWave

THEORETICAL REVIEW
AND
CLINICAL USE

Alexander Riftinge, PhD
Edition 1.5

Quantitative Assessment of
the Autonomic Nervous System
Based on Heart Rate Variability Analysis.

CONTENTS

1.	Introduction: the Intellewave method.....	4
2.	The Intellewave advantage and applications.....	8
3.	Clusterization of ANS states.....	11
4.	Physiological interpretation of ANS states.....	15
5.	Test modalities for evaluating the ANS function.....	20
6.	Detailed autonomic nervous system assessment.....	38
7.	Real - time ANS assessment.....	45
8.	Bibliography.....	50
